

Sustainability, Safety and Supply Chain Working Group

13:00 – 14:00

21 October 2021

Agenda

Chair: Madeleine Greenhalgh, policy lead, ESN

13:00 **Introductions from chair**

13:05 **Fire Safety Recommendations Update**
Madeleine Greenhalgh, policy lead, ESN

In early 2021, the working group drafted a set of [fire safety recommendations](#). These have since been presented to the BEIS/BSI Health and Safety Governance Group as a quick, interim measure to give some consistency on fire safety.

The group will review the fire safety recommendations and members will be asked to commit to implementing them. Amendments are welcome.

13:20 **Overview of the year**
Sophie Whinney, energy analyst, Regen
Madeleine Greenhalgh, policy lead, ESN

A summary of the topics discussed in 2021 and a discussion with members on what priority areas to take forward

- Cyber security
