Things to look out for

- Open Data Strategy
  - Industry first, a statement of intent, welcome thoughts to shape this

- Open Energy Data Maturity assessment
  - Transparency on UKPN's starting position, regular assessments to check pulse

- Workshops to explore use cases
  - From our July event, we identified a number of use cases for our data – let's get down to details.

- Refined Data Triage tool
  - With Open Innovations, formerly ODI Leeds

- Documents library
  - A place for our published documents to live, including completed data triages

- Quarterly newsletter
  - A round up of open data activity in the sector, as well as ours
